SIR:

Prior to examination, please amend the above-identified
application as follows:

IN THE SPECIFICATION:

Specification at page 1, line 16:

B1
In recent years, advances have been made for portable
telephones incorporating information communications capabilities, as
exemplified by the widespread use of terminals equipped with Internet
connection service capabilities enabling the use of electronic mail and other
services such as i-MODE and eZ-Web, a kind of web site or content which is
